Thanks Emanuel you gave us the support required for the delivery of the products directly to our

customer in Dubai. I have not assigned the fifth star since the component took 2 days more to arrive than indicated. I will buy again because the communication has been excellent and the products perfect. It is a pleasure to work with you. Thanks for everything. Megan Super rapido y super confiable. Muchas gracias wiautomation I tempi di consegna sono buoni 35gg anche se il prezzo del trasporto e piu alto rispetto ai concorrenti. Per cui va valutato rispetto al costo del materiale acquistato. Vanessa was very communitive during the entire process. Thank you! You must have JavaScript enabled in your browser to utilize the functionality of this website. With robust contingency plans now in place it's business as usual at Northern Industrial. You can check our stock levels, delivery times and prices online, and our delivery partner, FedEx, is available for express UK and international deliveries. We take our responsibility to continue supporting manufacturing and vital supply chains during these exceptional circumstances very seriously. Since 1978 our aim has been to minimise downtime across industry, and never has this been more pertinent. We'll keep you updated with any developments and wish all our customers, partners and suppliers the very best during this challenging period. Due to the age of some of our obsolete items, original packaging seals may be broken. Our sales team are happy to confirm the status of the packaging before purchase. Items classed as new are backed up by Northern Industrial's renowned comprehensive 12month warranty. Peace of mind guaranteed! This means that all of the key serviceable components have been replaced with highquality new ones. The items are then cleaned, thoroughly tested and come with a full 12month warranty.

<http://elipseradiologiadigital.com/images/canon-eos-300-film-camera-user-manual.pdf>

Our standard repair service offers great value for money while our express service is geared for customers in a breakdown situation. During the repair process, our engineers will perform a full preventative maintenance service to ensure longevity. All of the key serviceable components are replaced with highquality new ones and the items are then cleaned and thoroughly tested. All repairs are backed by the same great 12month warranty we provide with new items! All other new components and parts supplied by us are sourced independently by our expert procurement team

and are backed by our renowned comprehensive 12month warranty. We are not an authorized distributor, reseller or representative for any manufacturer listed on the website. Supplies are limited and subject to prior sale Simatic S595U Processor Module About the Manufacturer The Simatic S5 is a hugely popular automation system made by Siemens. Despite having been replaced by the Simatic S7 family. There is a massive number of Siemens S5 systems installed around the globe and here at Northern Industrial we continue to supply and repair Simatic S5 modules for customers everywhere. Read on to find out a little bit more about the Siemens Simatic S5 system or contact us if you require any information or assistance with your existing S5 PLC or 6ES50958MA03. Simatic S5 at a glance The S5 family is split up into several different ranges; 90U, 95U, 101U, 100U, 105, 110, 135U and 155U. The higher the number, the more expensive and sophisticated the system, making them suitable for even the most complex of tasks. Support for your existing Siemens S5 system Faulty CPU. Error with your communications. Whatever fault or issue youre having with your Siemens programmable controller we can help. We have an extensive stock of Siemens S5 parts on the shelf in our UK warehouse ready for immediate despatch. Why not save money on a spare and send your faulty Siemens S5 to us for repair. We have both an express 48 hour service and a standard 15 day service depending on the urgency of your repair. Like our spares, our repairs also come with a full 2 year warranty. Many of our engineers have been trained directly with Siemens and can provide the support you need for both hardware and programming issues. They are experienced in the STEP 5 programming language and can help you with any programming issues. Migration to a newer system Since the discontinuation of Simatic S5, Siemens introduced the Simatic S7 PLC.
